

**MINISTRY OF ENVIRONMENT, FOREST, AND CLIMATE CHANGE****NOTIFICATION**

New Delhi, the 23rd October, 2023

**S.O. 4643(E).**—WHEREAS, the Green Credit Rules, 2023 were published in the Gazette of India, Extraordinary, Part II, Section 3, Sub Section (ii), vide S.O. 4458(E), dated the 12<sup>th</sup> October, 2023.

AND WHEREAS Sub-Section (2) (i) of Section 4 of the Green Credit Rules, 2023 provides for tree plantation as an eligible measures/activities under the Green Credit Programme.

AND WHEREAS Section 5 of the Green Credit Rules, 2023 provides that the methodology for calculating the green credit in respect of any activity undertaken shall be such as may be notified by the Central Government on the recommendation of the Administrator.

AND WHEREAS Section 7 of the Green Credit Rules, 2023 designates the Indian Council of Forestry Research and Education (ICFRE) as the Administrator responsible for the effective implementation of the Green Credit Programme including its management and operation.

AND WHEREAS Sub-Section (3) of Section 7 of the Green Credit Rules, 2023 provides the responsibilities of the Administrator including development of guidelines, processes and procedures for the implementation of the Green Credit Programme under these rules; and development of methodologies, registration process, guidelines and associated measurement, reporting and verification mechanism.

AND NOW, THEREFORE in exercise of the powers conferred by Section 3, Section 6 and Section 25 of the Environment (Protection) Act, 1986 (29 of 1986), and Section 5 of the Green Credit Rules, 2023, the Central Government has now proposed a notification for 'draft Methodology for Tree Plantation based Green Credit' for the information of the public likely to be affected thereby and notice is hereby given that the said notification will be taken into consideration on or after the expiry of a period of 15 days from the date of publication of the draft in the official Gazette;

The objections or suggestions, which may be received from any person with respect to the said Notification within the period specified above, will be taken into consideration by the Central Government;

Objections or suggestions, if any, may be addressed to the Joint Secretary, Ministry of Environment, Forest and Climate Change, Indira Paryavaran Bhawan, Jor Bagh road, New Delhi - 110003, and may be sent to e-mail id: sohsm-d-mef@gov.in

Draft Methodology for Tree Plantation based Green Credit are as follows:

S.No.	Project eligibility and verification Parameter	Description of Parameter
1.	Type of Project	Tree plantation (except mangroves)
2.	Project Proponent	Eligible project proponents: All persons and entities including individuals/FPOs/Cooperatives/Forest Management Committees/Sustainable Agricultural Enterprises/SHGs/Eco-development committee/Urban and rural local bodies
3.	Site Selection	Any patch of Government/Panchayat/community land/individual land suitable for plantation
4.	Tree specifications	
4a.	Tree species with respect to Agroclimatic zones	New Plantation will be considered as eligible for GCP. Plantation with indigenous tree species will be eligible. <ul style="list-style-type: none"> <li>Rainfall zone wise species (as per Annexure-1)</li> <li>Horticultural tree species (as per Annexure-1)</li> <li>Bamboo species are included</li> </ul>
4b.	Minimum number of trees	Plantation of minimum 100 trees is required for qualifying under Tree Plantation based Green Credit
4c.	Density/Spacing at the time of plantation	<b>Density:</b> Minimum 100 trees per hectare and Maximum 1000 trees per hectare shall be planted  Details about availability of quality planting material and technical inputs can be accessed from local Forest/Agriculture Government functionaries

5.	Registration	<p><b>Through Self-Certification:</b></p> <p>(i) Baseline data - geotagged photo(s) of the proposed location along with list of existing trees and GPS boundary of site(s).</p> <p>(ii) Proposed land should be free of incumbrances- along with land ownership record.</p> <p>(iii) Name, Aadhar, PAN (if required) and bank details of authorized representative along with certificate of registration of the project proponent.</p> <p>(iv) Project proponent need to give commitment to maintain plantation up to 10 years.</p> <p>(v) Undertaking that no natural ecosystems are harmed due to the project.</p> <p>(vi) Geotagged photos(s) of the project activity as in point 7.</p> <p>Self-certified submissions may be subjected to audit and if found misleading, project will be liable for disqualification and punitive action as per Green Credit Rules, 2023.</p>		
6.	Measurement of plants for issue of GCs will be carried as mentioned in point 7 will be based on the following two parameters			
6a.	Survival Percentage	Survival percentage will be calculated based on the number of healthy standing individual plants as compared to initially registered number of plants		
6b	Height/Crown cover	<p>Height or Crown cover will be chosen by the project proponent during certification as an indicator of growth.</p> <p>During each monitoring period, the chosen parameter will be measured on a sampling basis (as per defined protocol) and compared with earlier measurement recorded during previous period.</p> <p>Percentage of trees showing growth will be recorded.</p>		
7.	Calculation of issuance of Green Credit (GC)	Year	*Year wise distribution of GCs in percentage	
		At the end of 1 <sup>st</sup> year of plantation	20	*For 100 trees, value of GCs to be distributed to eligible applicant for 10 years =100 GCs
		At the end of 3 <sup>rd</sup> year of plantation	25	
		At the end of 6 <sup>th</sup> year of plantation	30	
		At the end of 10 <sup>th</sup> year of plantation	25	
		Total	100 percentage	
		<p><b>Calculation of GCs</b></p> <p>= Total Number of trees as identified at first certification</p> <p>* Survival Percentage</p> <p>* Percentage of trees showing growth</p> <p>* Percentage of year wise distribution of GCs</p> <p>* Multiplier for rainfall zone</p> <p>List of multiplier for rainfall zones is given in Annexure-1</p>		
8.	Verification and issuance of GCs	<ol style="list-style-type: none"> <li>Project proponent to submit geotagged photos(s) of the project activity as per the issuance years in point 7 and populate survival and growth data on the GCP Registry/app.</li> <li>Physical Verification: <ul style="list-style-type: none"> <li><b>For projects with &gt; 500 to 5000 trees:</b> Existing Government machinery (Revenue, Forest, Agriculture, Irrigation, Municipal, Deptt. field staff) to verify</li> <li><b>Large projects with &gt; 5001 trees:</b> Third-party verifiers (designated under Green Credit Rules, 2023)</li> </ul> </li> </ol>		
9.	Green Credit Programme process	<ol style="list-style-type: none"> <li>Registration of the project proponent</li> <li>Project submission</li> <li>Project listing</li> </ol>		

		4. Project Registration 5. Monitoring and Verification 6. Issuance of Green Credits 7. Transfer and retirement
10.	Any tree plantation projects covered under any existing/new laws, as amended will also get registered under the Green Credit Rules, 2023 and may trade/generate the GCs generated as mandated under these laws/regulations.	

[F. No. HSM-12/24/2023-HSM]

NAMEETA PRASAD, Jt. Secy.

----	-------------	-----------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Note:** List of tree species is tentative and it may be modified based on suggestions from stakeholders.

To calculate the average rainfall for each district, 30 years (1990-2019) climate data layers of worldclim and district boundaries provided by the Survey of India were used.
