October – 2023

Information to the Bidders and Terms of reference for the expression of interest for engagement of consultant/architect for preparation of Eco-Tourism Projects in the State of Telangana

1. Back ground:

Telangana with its rich bounties of nature and scenic natural beauty has immense potential to occupy a place of pride in the Eco-Tourism map of the country. Many of the Eco-Tourism destinations are located within these pristine areas. One of the core and primary objectives of the TSFDC Ltd., Hyderabad is to promote Nature and Eco-Tourism in the state of Telangana to tourists, such as provide accommodation, comfortable stay and to facilitate transport arrangements along with forest & wildlife experience . The TSFDC Ltd., in the name of Deccan Woods and Trails has now decided for preparing Detailed Project Report through reputed concept architect cum consultants for effective development of infrastructure with local materials in Nature destination following environmentally sustainable practices. TSFDC Ltd., invites applications from reputed Architectural Consultants having sound technical background, appropriate registrations and pre-qualification criteria set out in this document and having experience in various infrastructure work particularly related to Eco-Tourism sector and its Architectural design etc., for preparation of Detailed Project Report for Eco- friendly infrastructure development in Nature destination, the list of which is annexed at Annexure - I.

2. Scope of work and Deliverables:

The successful Architect cum Consultants shall have to prepare come up with the concept of Eco tourism to be proposed and Detailed Project Report in respect of architectural designing, structural designing, preparation of estimates, Tender document (DTP) for the infrastructure to be newly built and periodic supervision until the date of operation of the project etc., for execution of work in relation to existing Nature Destination as per enclosed list annexed at Annexure - I. The concept, design and development of various infrastructures should be in keeping with the spirit of the Telangana culture and its natural environment and with eco friendly material. The infrastructure may include either or both the Landscaping, site preparation, Eco Cottages, Log huts, Tent Cottages, semi permanent structures for accommodation of visitors, Food court, Interpretation Center, Adventure games etc., in respect of the site in consultation with TSFDC. The above details are not exhaustive but could include other components keeping in line with the environmental requirement of the areas in question. A schematic proposal for necessary guidance in this regard is enclosed as Annexure - X. The bidder will be required to make a presentation on the concept design of infrastructure before the tender evaluation committee as mentioned in the para. A concept design is to be developed by the Consultant in respect of the site. On approval of the same by the competent authority i.e., TSFDC, She/ He will prepare DPR in respect of site development (if any) landscaping design, drawing, design, estimates etc., for the proposed semi-permanent buildings / huts /

temporary shed / tenting structure etc., along with the tender schedule. The consultant/ Architect shall have to assist and coordinate with TSFDC officials in floating the tender through e-procurement platform. The successful bidder shall provide consulting services to guide the executing agency from time to time, as per requirement so that the completed work satisfy to the desired quality and matches the design and drawing submitted by the consultant.

The Architect/ consultant will provide consultancy services for:

- a) Development of infrastructure at the destination and its value addition.
- b) The concept, design, development etc., of various infrastructures should be in keeping with the spirit of the Telangana culture and should blend with its natural environment and should be site specific.
- c) Preparation of plans, estimates, detailed structural and drawing designs of the approved structures, drawing design of the interiors, furnishing fittings, decor etc.,
- d) The successful bidder will make site visit and prepare sketch map, concept drawing, layout plan etc.,

As the proposed area is in forest, the design proposed to have following values incorporated:

1. **Passive Design:** Architecture should maximize natural ventilation, day lighting, and thermal comfort to reduce the need for mechanical heating and cooling systems.
2. **Renewable Energy:** The proposed infrastructure must priorities renewable energy sources like solar, wind, or hydropower to meet their energy needs. Backup generators should be efficient and reduce the impact by sound.
3. **Water-Efficient Systems:** Water-saving fixtures, rainwater harvesting, and grey water recycling systems should be integrated into infrastructure to minimize water consumption.
4. **Education and Interpretation:** The facility should offer informative programs, guided tours, and interpretive signage that educate guests about the natural and cultural significance of the area.
5. **Transportation Options:** Promote eco-friendly transportation options for guests, such as electric shuttles, bicycles, and walking paths, to reduce the carbon footprint of travel within the property.
6. **Sustainable Materials:** The design should predominantly be from sustainable materials and the look and feel of property should be semi permanent and should blend with nature.

The bidder while presenting the concept should explain how the above values will be incorporated in design.

3. Eligibility:

The Architect/ Consultant should have following minimum eligibility criteria
